SUPCO, Inc., Allenwood, NJ is pleased to announce the acquisition of A-1 Components and Camstat from Henry Technologies, Inc. Chatham, IL.

The A-1 Components and Camstat product lines are complementary to the existing business of SUPCO and strengthen our market leadership position.

For over 68 years, SUPCO has maintained a rich heritage of producing high quality, innovative products at affordable prices. We are committed to continuous improvements in design, automation, customer service and quality.

SUPCO is a worldwide leader in the manufacture of replacement parts and test instruments used in the HVAC/R, Appliance and Industrial service and repair industries. For additional information please contact SUPCO:
